

May be cool to include the outline of the lake.

Party cove is specified by the red arrow.

I like the font used here

Maybe include a phrase like “catch me in the cove” with a fish hook going through it and highlighting party cove somehow.

DO NOT have to include Raystown ragers on the shirt if you don’t desire however definitely want to include raystown somewhere.

This is Raystown Ray the famous lake monster at the lake.

“Party Cove” T-shirt using a beer bong as the Y in party and then have raystown ray taking the beer bong.

I like the cartoon design on this shirt as well as the colors used.

Other designs styles I like..

Looking for short sleeve t-shirts and mens tank tops.
