

BROADCAST FURTHER

Take advantage of the digital characteristics and reach a broader audience. Hold your livestream for up to 10 000 audiences on our platform and 8 speakers at any given time.

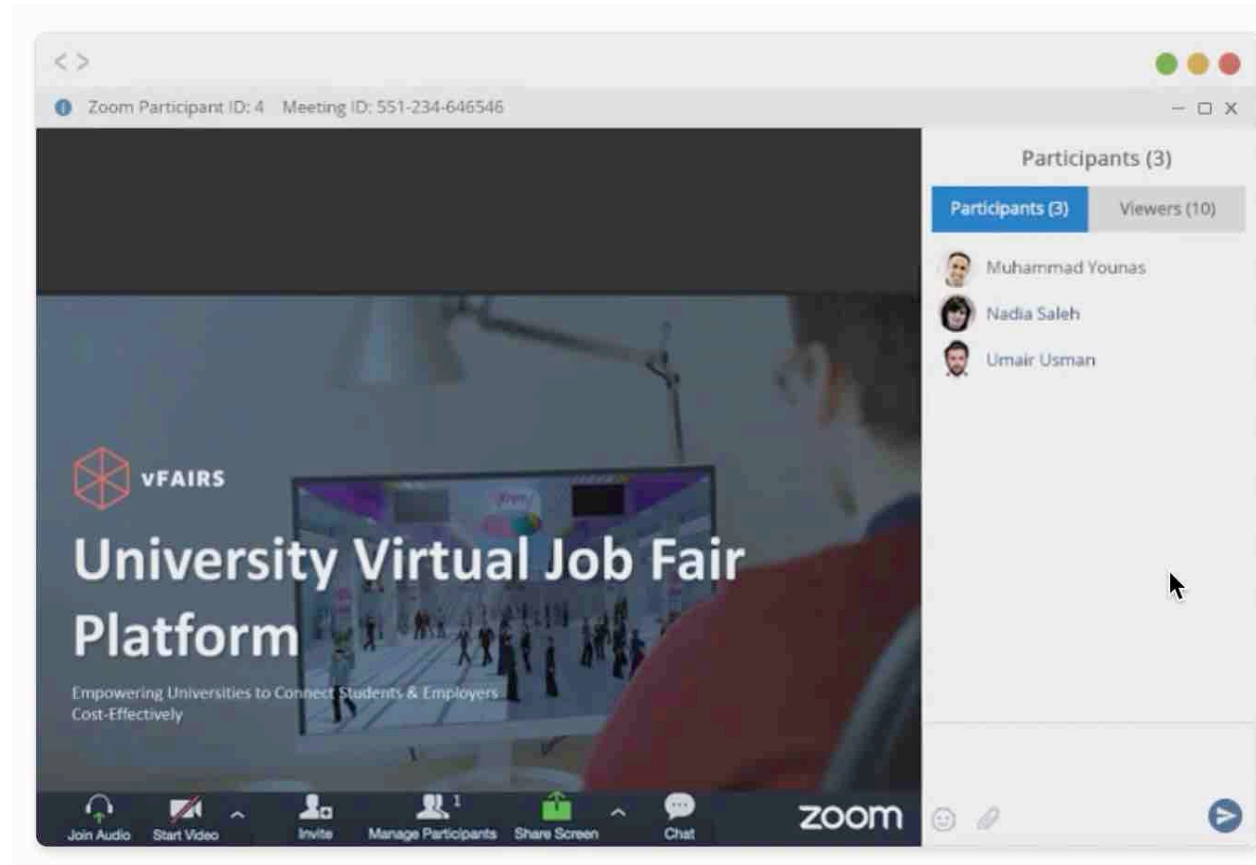

ENGAGE WIDER

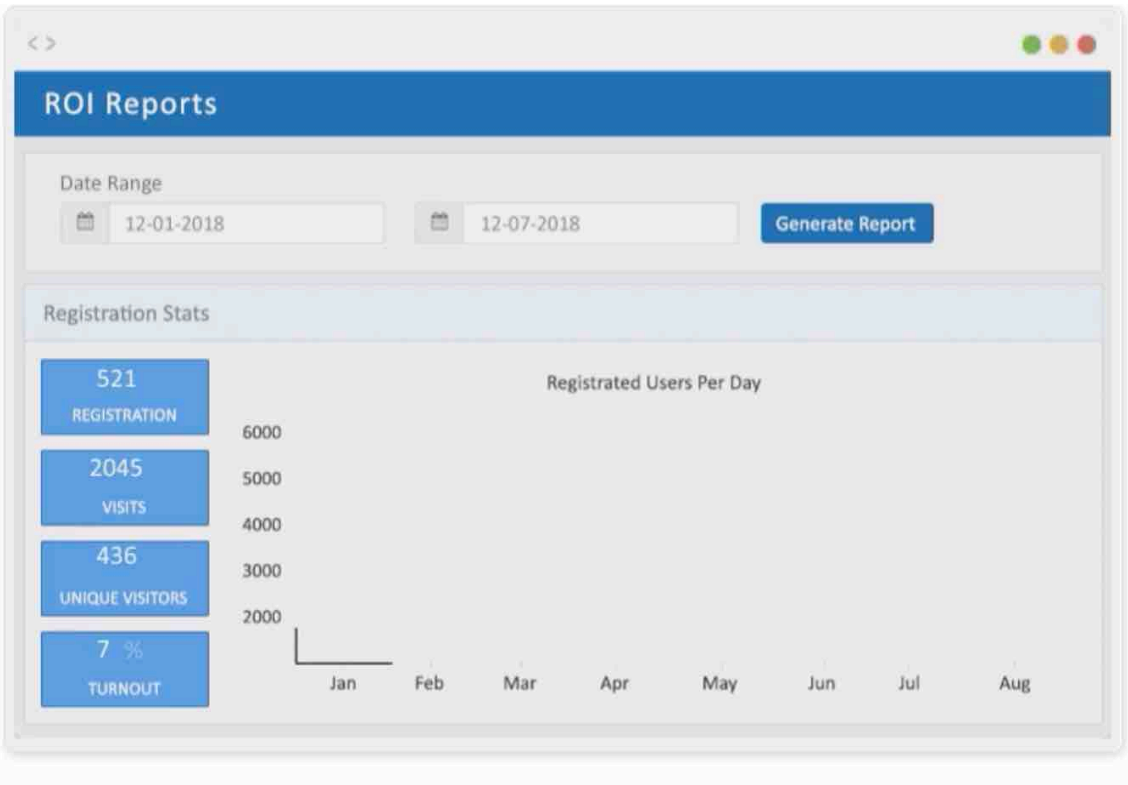

Miss nothing as you will be able to be a part of every conversation with your audiences through the real-time engagement tools.

- Live Chat
- Live Polls
- Live Q&A Function

FULL SECURITY AND PRIVACY

Restricted access into your livestream only to your intended audience. Panelists accessibility can also be controlled. Allow your meeting to be fully secured and private, or open to public.

POST-BROADCAST ANALYTICS & REPORT

Track performance statistics in real time. Learn more about your audience through detailed reports, identifying engagement levels and participation trends to gain deeper insights.

APP & WEBSITE INTEGRATION

Require your stream to run on your platform or corporate site?
We got you covered. Our services can be integrated to the site
of your choice, and you may fully customise the content
placement for the page.

COMPLETE BROWSER-BASED SOLUTION

No need for apps or downloads. Skip all the hassle and have your audience access your virtual event simply through their browsers.
