3 PACK BRUSH SET

republic

With years of brush making experience, we have developed a superior paint brush to make your painting job easier.

Formulated with our own unique blend of synthetic filament technology, the Republic Brushes will give you the perfect balance of paint pick up and release, brush control and a superior smooth finish.

The Republic range of brushes are ideal for all of your painting projects. The Republic Wall Brushes are ideal for all broad wall & timber painting applications. The Republic Sash Cutter is ideal for cutting in door and window frames and skirting boards.

QUALITY GUARANTEE

**BRUSH CLEANING & STORAGE**

Clean your brush immediately after use.

Don't allow paint to dry on brush.

If using water based paints, wash in warm soapy water.

If using oil based paints, first wash with solvent cleaner or mineral spirits and then warm soapy water.

Rinse brush thoroughly, shake out excess water, then comb bristles straight and allow to dry.

Never soak the brush.

Hang brush with filament pointing down.
