

Design Brief

Description:

Please make a cats t-shirt similar but not an exact replica to the images to the left but make them wear Shmaqh which it is a traditional Middle East fabric. The design is for a t-shirt.

Make the cats do different face impressions and different Shmaqh styles just like the picture that I've attached but do what I've circled and design only 6 heads.

I have attached some pictures to be an inspiration and be creative. Use your own created license and have fun. But it should be a white background color.

Thanks
