

Hi Rastf2day.

I love the designs you have done. Thank you.

This document is to explain what I need from you, when I approve your design.

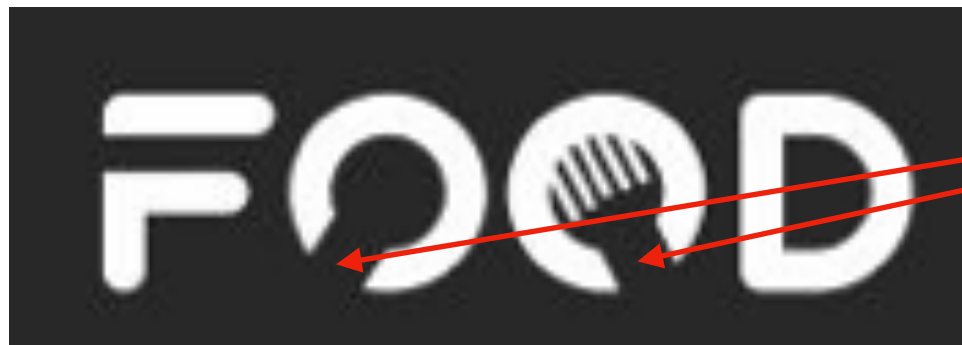

Please **confirm** to me that you understand this document.

But first I have one more very small change....

1). CHANGE PLEASE

LONDON FOOD FX

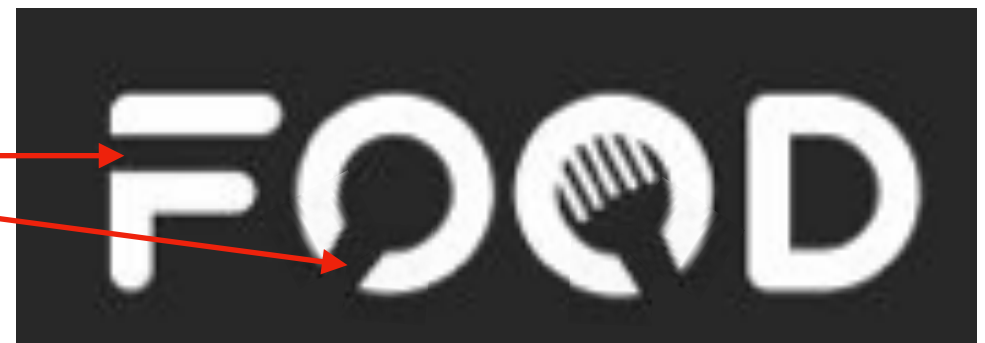

Please make the handles more thin

Like this

The same gap dimension

2). APPROVED DESIGN

These are the designs I like. Can you give me ALL of these solutions please?

This is because I want to animate the word-mark: and I do not know which one will be best.

Please **confirm** this is OK with you!
