

**IMPORTANT: Do not change the size of this document or crop this page.**  
Our template page sizes correspond to our graphics workflow. Changing the size will cause your proof to shift. Simply place your artwork inside the required bleed area and save your PDF.

- Make sure your design extends to the outside edge of the Bleed Area to avoid white borders around your print.
- The trim line indicates the edge of your final print.
- To avoid any essential items being cut off, keep text and critical design elements inside the Safety Area.
