Comments for B2B logo: [25607904](#)

I love it, great looking , both on white and green frame !!!

1) text, final version: « Y TEAMS **et** COACHING », as you do in [25607906](#) (company card)

+ I like the « & » in white (#: [25546133](#))

I like the typo itself, but I need to be sure the typo is built-in MS office applications (with FR letters éèàùç)

TEXT to be more visible : the colour could be maybe more dark green or **bolt** ? (...like #: [25546133](#) or #: [25549633](#))?

2) text, final version: « consulting, coaching et formation »
I'd prefer to keep existing colours (green variation or brown)

Comments for company cards:

I love this new version !

You did a great job to update the logo's colours on green ...

So, my choice is a mix of 2 designs:

Face 1: this design.

I'd like to have the text with white « & »

Y TEAMS & COACHING

Face 2: this design.

Of course, text to be updated

Y TEAMS & COACHING
consulting, coaching et formation
