FOR ALL YOUR ELECTRICAL & AUTOMATION NEEDS

ABOUT US

Summit Electrical Management & Automation is a privately owned business providing a comprehensive range of domestic, commercial and industrial electrical services.

We provide electrical services ranging from small jobs around the house to larger industrial applications. Our business is underpinned by a commitment to customer service. That is, we turn up on time, providing quality workmanship at a fair and competitive price.

At Summit Electrical Management & Automation, we understand that the world is changing at an astonishing rate. Our vision is to make life easier, more comfortable and enjoyable by implementing controls and technology that takes a business or home from a standard building to an automation hub that takes the stress from day to day living. With ever-increasing strains on the environment, we strive to ensure all of our systems are designed in a safe, efficient and sustainable manner.
