*FOR GOOD TIMES*

You're holding (possibly) the greatest  
scientific breakthrough by a Kiwi since  
the guy on the hundred-dollar bill split  
the atom. At 2.5% alcohol, this  
full-flavour session India Pale Ale serves  
up massive hoppy notes and malty  
character at a lower octane – for a  
smooth ride with flavour cranked all the  
way up.
