

About Gap Wireless

THE COMPANY

Gap Wireless is a leading provider of products and services for wireless network operators and contractors, and electronic labs in the Government, OEM, and Education markets. Gap Wireless works with industry-recognized vendors to stock and distribute thousands of wireless infrastructure, public safety, and test & measurement products and value-added technical/engineering services across North America.

Additionally, Gap Wireless offers a suite of hardware and value-added services for the C-UAS (Drone Defence) market.

Gap Wireless is well positioned to support customer requirements across North America from our 15,000 square foot headquarters and warehouse in Mississauga, Ontario. Our highly trained sales force is positioned across Canada—in all major markets.

INDUSTRY SECTORS

Wireless Carriers

**Engineers/Contractors/
Integrators**

Education**

Cutting Edge Solutions for the Next Generation

The company celebrated its 10th anniversary in 2017, and has continually added to its roster of vendor products. The most recent additions to the portfolio are solutions supporting the C-UAS (Drone Defence) market spanning everything from hardware, software, & sensors. Gap Wireless values the technology innovation enabled by its vendor partners from around the world, and is committed to bringing the best in mobile broadband and wireless products and solutions to customers throughout Canada and the U.S.
