

JAVA CREATIONS WALL PANEL ORIGIN STORY

**RECLAIM**

We search the shores of East Java for hardwood fishermen's boats and barns which are no longer viable and transform them into gorgeous and versatile boards for your home or business interior.

Using treasurable boats and barns not only provides raw material, it also provides local fishermen a sustainable income.

**RECYCLE**

Each of these unique boats or places is painstakingly dismantled by master craftsmen. The wood is then dried for 6-12 months to ensure exceptional durability.

**CREATE**

Every panel is unique given they are expertly handmade using different combinations of boat pieces and reclaimed wood.

Quality is our top priority. All our products undergo rigorous inspection before packaging.

**SUSTAINABLE**

Every piece is a truly stunning test of the printing and typesetting industry. Every grain has been.

**HAND CRAFTED**

Every piece is a truly stunning test of the printing and typesetting industry. Every grain has been.

**UNIQUE**

Every piece is a truly stunning test of the printing and typesetting industry. Every grain has been.

**WALL PANELS**

We search the shores of East Java for local fishermen's boats and barns which are no longer viable and transform them into panels. This also provides local fishermen a sustainable income. Every panel is unique given they are expertly handmade using different combinations of boat pieces and reclaimed wood.

Quality is our top priority. All our products undergo rigorous inspection before packaging.

remove the text above the logos - keep only logos, no text at all

This section looks great, but move it up here.

Could you make these photos to be sliders instead? The same sliders like they are below within the products section.

Add headline above these checkboxes "Why Choose Us"

Please change this section so that each type of product is in a new row, like here and these photos should all be sliders with dots, like on your design
