#### 10 Piece Tape - In Extensions Semi - Permanent / 100% Human Hair

##### Application Instructions :

Wash hair with clarifying or baby shampoo to strip oils. Part hair in 1.5" sections in desired location. Peel off plastic tape tab. Press sticky side down onto hair. Lift first piece, place second piece underneath, sandwich together. Squeeze with fingers. Repeat as desired.

##### Removal Instructions:

May remove with alcohol, acetone or Hair 2 Go Extension Remover. Pour solution between the two tabs and gently pull apart.

##### Do's:

Apply to clean, dry, product free hair. May reapply hair with re-application tape. May style with curling or hot iron up to 450 degrees Fahrenheit. Apply conditioning mask to the ends of hair. May wash with shampoo and tepid water after 3 days.

##### Don'ts:

Do not wash hair for 3 days after application for tapes to set in. Do not wash the roots of hair (tapes) with product containing oils. Do not wash in hot water.

##### Care:

May use dry shampoo on the roots. May use hair dryer on high heat. Use a metal round bristle brush for styling. May reuse hair and reapply with re-application tape.
