Application Instructions:
Part hair at the nape of neck. Working from the bottom up, open clip and attach clip to hair. Release layer of hair and repeat for desired effect.

Removal Instructions:
Hold sides of each clip and press in the middle to release grip. Gently slide clip up to remove from hair.

Do's:
Use a moisturizing shampoo & conditioner to wash when needed only. Brush hair from bottom to top. Use a detangling spray or leave in conditioner when brushing while wet.

Dont's:
Do not fall asleep with clip-in extensions attached.

Care:
May curl or straighten hair up to 300 degrees. Spray water on hair, then run iron through the hair for 6-9 seconds.
