

Advanced IP & Analog Professional Recording Solution

Upgrade to IP
Leverage Your Analog

4/8/16/32 Analog Channels, Megapixel IP, VMS Software, Video Analytics, SmartControl CAT5 Compatible

Features

- 4 / 8 / 16 / 32 Channel Systems (Analog) + IP
- Supports Megapixel Cameras
- H.264, MJPEG, MPEG4, MxPEG video compressions (camera dependent)
- Up to 24TB video storage
- RAID Level 0,1,5,10 (model dependent)
- Video Analytics: 5 Analytics with intelligent video search & playback
- D1 Recording Across All Analog Cameras

Specifications

Part Number (xx=Analog Cameras)	xx=04 (4 Cameras), 08 (8 Cameras), xx=16 (16 Cameras), xx=32 (32 Cameras)
Video Storage Capacity (local)	Up to 24TB
RAID Level	0, 1, 5, 10 (model dependent)
Video Compression	H.264, MJPEG, MPEG4, MxPEG (camera dependent)
Intelligent Video Analytics	Motion, Missing Object, Foreign Object, Loss of Focus, Camera Occlusion, People Counting
Audio	2-Way Audio
E-Maps	Integrated Hierarchical Graphical Mapping
Remote Access	Client Application, Browser, Mobile
Live Camera View	Up to 64 Cameras / 128 Cameras on Dual Monitor Systems
Resolution	D1 Recording On Analog Cameras Up to 5MP Recording On IP Cameras
POS	Up to 64 POS / Fully Searchable
