

1. I want the city to have strong straight lines as a form.
2. I want it to have this scale in relations to the writing.
3. The blue should be taller
4. The Blue should start and finish with trail, this is what makes it look hand drawn

Try drawing it like the circle.

Try drawing it like the blue. See how this looks painted.

1. Add the blue like you did in the circle.
2. Keep the squiggles but make sure Deborah Landry is readable.

1. Change this to Renditions Gallery
2. Keep the blue
3. Redraw so the word Renditions fits, It is just to small compared to the word gallery. Plus the font is unreadable.
