# FISHING WHALES

## JOIN LEGEND CHARTERS FOR THE EXPERIENCE OF A LIFETIME!

Legend Charters is a family run business, Dean Jensen is a second generation fisherman in the Cape to Cape area. Dean and his family have fished the Southwest commercially for 35 years culminating in Dean being allocated 32% of the commercial quota for demersal scale fish.

## SEE THE MAJESTIC LEGENDS OF THE OCEAN!

Humpback, Southern Right, Minke and Blue Whales use our little corner of the world as a nursery, playground and rest haven during their migration up and down the coast each year. They are often as curious about us as we are them, coming close to the boat to check us out!

We keep group sizes small, so everyone gets a good view and have a covered viewing platform for your comfort. Our knowledgeable marine commentary will keep you informed and our friendly staff are here to assist you. Relax and enjoy our generous morning or afternoon tea onboard during your tour.

**We especially welcome families onboard, providing life jackets for younger children ensuring peace of mind for parents. Our crew offer a full tour of the boat and equipment for passengers of all ages.**
