

IF YOU LOST 10% OF YOUR CARGO, WOULDN'T YOU DO SOMETHING ABOUT IT?

1 OUT OF EVERY 10 OCEAN FREIGHT INVOICES HAS ERRORS THAT COST YOU MONEY.

Unfortunately, your auditors will catch about 50%... but that means that you leave 50% of your money on the table. Ocean Audit Inc. (OA) will find these errors. We'll go back through 3 years of invoices and contracts to uncover the mistakes and reclaim the money that's owed to you.

On average, we find \$10 for every container you ship.

WHY POST AUDIT OCEAN FREIGHT

Between 2007-2010, rates and surcharges in the container shipping industry were highly volatile and wreaked havoc on invoice accuracy.

Benefits of an Ocean Freight Audit by OA:

- **Money-saving:** Total refund averages \$10 per container for every container shipped during the past 3 years.
- **Committed:** OA is dedicated only to ocean freight post audits - no other audit shop can say this.
- **Fast:** Set-up time for the audit is less than 2 hours.
- **Results:** OA pre-identifies the approximate size of your cash or credit refund before we begin.

WHY DO I NEED OCEAN AUDIT INC.?

- Most experts rate ocean freight vendor invoicing quality and accuracy as an area requiring major improvement
- Rate volatility - From 2008 to 2011 ocean freight importers and exporters experienced unprecedented rate gyrations in their service contracts/rate agreements. Ocean freight vendor's invoice systems to ensure accuracy have not kept up with the rates their pricing and sales teams are promoting to the client
- Poor invoice accuracy - most experts view ocean freight vendors as having only 90% accuracy in their invoicing.
- OA offers the only dedicated ocean freight post audit in the container shipping industry.
- Receive \$500 today to cover any administrative overhead you incur in sending your invoices to us for post audit*
- Prefer the \$500 go directly to the corporate charity of your choice - simply let us know*

* Based on our standard fee structure

One Client's Story...

An OA client shipped 2,000 containers per year and got \$60,000 in refunds after employing our audit solution. Ocean freight has a 3-year statute of limitations for recovery, which means we can go back 3 years to find every error.

REFUND CALCULATION:

Shipping 2,000 containers
per year x 3-year audit period =

6,000 containers

\$10 error per container =

REFUND OF \$60,000

OA invoices for 50% once you receive payment.

RESULTS: \$30,000 in FREE Money!
