

## Features

- Easy-Lock System (No springs or pins to wear out). One piece upper sleeve with molded metal hook inserts and no glue.
- Six times the bearing surface – means your pole won't wobble in the wind.
- The only 20 ft. telescoping flagpole with a 3 inch base diameter.
- Swivel Ring System (patent pending) is easy to replace, without disassembling the pole.
- No rope to replace, no clanging or banging, you flag flies tangle free.
- The **ONLY** 10 year warranty.

Patent #s: 6951185; 7311061; with patents pending

## Home, Tailgating and RVing

The Estate Telescoping Flagpole is easy to take with you for tailgating events or RVing in the great outdoors.

We have hitch mounts and wheel stands.

Just slip the pole in the sleeve, attach your flag and raise your pole.

It's that simple!
