

Who are we?

We are an Australian owned and operated unique provider of design, print and web services since 1984. Breakout Media Communications is also a renowned social enterprise supporting Justice Action, defending human rights in the hardest places. We give support to the most vulnerable in our community through the work of Justice Action. Our Social Responsibility Justice Action targets abuse of authority, especially for people in mental hospitals and prisons. It empowers the disadvantaged, standing beside them as a community witness and ensuring their involvement in social inclusion programs. iExpress: Justice Action is proud to introduce iExpress, the world's first prisoner webpage and interactive email system aimed at empowering people in prisons and forensic hospitals. It brings them into the digital world, reducing the divide and social exclusion that currently exists. JUST US is the only publication that informs people in prisons and hospitals of their rights and reports on current issues facing them. It is distributed to all prisons and hospitals as well as all judges and politicians by name in Australia and New Zealand. www.justiceaction.org.au

Our Clients

We have the privilege of working with some of the most diverse companies in Australia. We don't take this lightly. Whatever the size or nature of your print project, we are here to help. Our clients engage us in all aspects of design, print & web and provide concise and accurate quotations. We view our clients as partners and work closely with them to achieve results they can measure.

Web

Your website is your virtual office, so believe us when we tell you that IMAGE IS EVERYTHING. It is important whether you're a small business just around the corner or a large organisation with outlets all over Australia.

A great website is imagery, functionality and presence.

A great website translates to better business.

We know how to build great websites

Design

From cutting edge graphic design to complete company branding or rebranding, we give our customers solutions that surpass their expectations. Breakout Media Communications offers you the talents of our team with the creativity and experience to deliver on your next project. Whether it is website development, illustrations, publications, eBooks, or creating a corporate identity we have the necessary skills.

Print

Breakout Media Communications is a leader in Clean Printing Technologies using environmentally friendly soy inks and best quality papers, with high recycled content where quality isn't compromised. You are in the hands of expert printing industry machinists. We have a complete range of sheetfed offset presses from small to larger A1-size. Our printing equipment and efficient processes mean we can do magazines, brochures and catalogues at competitive rates providing the highest quality standards. As an added touch Breakout can add those special effects such as embossing, foiling, stamping and die-cutting.

Digital Print

Digital Print is ideal for quick and small print traditional printing methods. We offer fast turn around times and a wide range of stocks from 90gsm to 350gsm paper, card or labels. Even if it's an individualised or personalised piece of work, there are no minimum order and no need to store vast quantities of stock.

Sustainability.....

Let's talk printing...

We purchase our stock from Australian paper suppliers. All stocks are FSC or PEFC certified. Recycled stock is readily available ranging from 10% to 100%. FSC Certified Stock. The Forest Stewardship Council (FSC) is an independent, non-governmental, not-for-profit organisation that provides standard setting, trademark assurance and certification services for companies interested in responsible forestry. PEFC Certified Stock. Programme for the Endorsement of Forest Certification schemes (PEFC) is an independent, non-profit, non-governmental organisation, founded in 1999 which promotes sustainably managed forests through independent third party certification. The PEFC provides an assurance mechanism to purchasers of paper products that they are promoting the sustainable management of forests. Using FSC and PEFC approved stock means that it is from forests that are managed to meet social, ecological and economical needs of present and future generations. With FSC / PEFC approved paper you can be confident that you are not contributing to the destruction of the world's forests. Our Product Portfolio Brochures, leaflets, annual reports, calendars, short-run books, letterheads, business cards, corporate stationery, menus... the list just goes on. But the bottom line is this. We recognise that the quality of your finished product is the most important consideration. Quality encapsulates your brand values and is integral in promoting your business.

Is digital technology alien to you?

Breakout Media Communications specialise in professional and effective email marketing campaigns that are custom designed for your business. E-mail marketing is a form of direct marketing which uses electronic mail as a means of communicating commercial or fundraising messages to an audience. It's abbreviation is EDM...email direct marketing. EDM design, creative email marketing and email newsletter template design are just some of the specialist services offered by Breakout Media Communications. Sending a targeted EDM message straight to a potential customer's inbox is a fantastic opportunity to capture their attention, deliver your message and provide them with a clear call to action.

We can help

We are a full service design studio with a fully operational print house. There is nothing we do not know about the design, print and digital process. Our experienced staff can help you with all your technical needs and advise you on what is the best option for your company. Call or email us, we will be happy to help. QR or Quick Response Codes are a type of two-dimensional barcode that can be read using smartphones and dedicated QR reading devices, that link directly to text, emails, websites, phone numbers and more. QR Code printing can be done in newspapers, magazines, brochures, leaflets and on business cards. Further to this they can be put on product packaging or labels, or on billboards or even walls. We can create and include a QR code for any of your printing needs.

Breakout Media Communications is a leader in providing creative cost-effective solutions to businesses and organisations for their design, printing and online presence. We are unique and renowned as a social enterprise. All profits go back into the community assisting and supporting human rights in the hardest places through the work of Justice Action. Breakout supports ground-breaking work such as bringing people in hospitals and prisons on line through projects like iExpress and JUST US. The National Mental Health Commission quoted Justice Action's publication "Mad in Australia" as expressing views that must be taken into account in reforming a system that now costs \$1,000,000 a person a year. Let us provide top quality print, design and web services at the same price you are now paying and help fund the work of Justice Action: defending human rights in the hardest places.

'Working Together' for the Community
