

Vision Statement

Dr. Paul J. Styrk

We are known in the community, by our patients and dental colleagues, for being the most skilled practice in the area, offering our patients and their families an atmosphere of warmth, caring and comfort. There is mutual trust between our team and our patients that consistently produces great treatment results.

Our excellent management systems consistently allow us to see our patients on time, with a comfortably full schedule, case acceptance rates are 80% or higher, production and collection goals are consistently met and the days are extraordinarily low-stress.

We all understand what is expected of us and we are confident of the practice's future and our role in its continued success.

We are a unified team of professionals dedicated to providing exceptional orthodontic and pediatric dental care, achieving practice goals with enthusiasm, harmony and with a heart for enhancing the lives of each patient we touch.
