

Aquarena Aquatic and Leisure Centre is a health and fitness centre located in Melbourne, Victoria, Australia (see website www.aquarena.ymca.org.au). We are about to celebrate our 20th Anniversary (1992-2012) and need a new logo especially for this event which we can use on marketing material and merchandise like sports bags, caps, water bottles, t-shirts and towels.

Our current logo which you can view on our website has the text in black and the blue wave in PMS 280 and the yellow shells in PMS 123 and i would like this anniversary logo to use these or variations of these colours so if this new logo sits alongside our current logo they appear to be from the same family in regards to colour only.
