“What’s great about Hangzhou and having officials from the city come to San Francisco to share their ideas, we learn a lot about IP protection, about their real investment in making it a really clean and global city”

– Andrew Beebe, Chief Commercial Officer,
Suntech Power

More sample testimonials:

"They are really the conduit for new technologies and applications and they're doing a lot, and for us to learn what they're doing, and be able to exchange ideas, new opportunities, it's great to have these events on a regular basis."

- Ren Riley, General Partner, Oak Investment Partners

"The optimism, that China is a place going forward. That's going to be a place that we're going to invest in. And that people have already begun to take a strong interest in it. That's what really stood out."

- Rudy Mazza , APAC Marketing Director, Alcatel-Lucent

ABOUT CREATIVE SOLUTIONS

CNBC Asia's newly formed "Creative Solutions" team, based in Singapore, offers clients customized and integrated on air and on-ground turn-key 360 solutions, tailored to client's objectives, allowing for closer integrated brand messaging.

Providing bespoke events where specific topics and issues are discussed either with a panel of experts or in roundtables with other industry stakeholders. Co-branded between the client and CNBC Creative Solutions, the whole look and feel of the event from beginning to end, concept and execution will be designed with the clients branding and messaging in mind.

About the event:

The rapidly changing digital world and hyper-connectivity presents opportunities, as well as challenges. The development and innovation of China's high-tech industry is a priority for China's growth, as reflected in the nation's 12th Five-Year Plan, where digital world is one of its key growth pillars.

Join us for an engaging discussion on how we can realize the potential of a connected world and what an ever-evolving digital world means to industries and consumers. Experts on the panel include **Cho Bong-Han, CEO of Hana I&S, Caleb Lo, VP & CFO of H3C Technologies, Junling Ji, VP of Alibaba Group** and **Howard Charney, Senior VP of Cisco**.

About Hangzhou:

Hangzhou, a pivotal city in the Yangtze River Delta, plays a key role in China's technological future. The city is home to highly successful companies like the Alibaba Group and NetEase, with e-commerce, software and IT services as well and other digital businesses contributing significantly to the city's economic structure and success.
