# Frequently Asked Questions ?

## **Do all optical outlets sell the same spectacle lenses?**

No. Advances in modern technology have allowed the introduction of new spectacle lens designs which offer better vision. At Watton Street Optical we choose **value** lenses based on their ability to best enhance your **sight**.

## **If I want new prescription lenses fitted to my existing pair of glasses, do I have to go without them for a week?**

No. This is not the case at Watton Street Optical.  
New lenses can be fitted onsite within 1 hour.

## **Do I have to purchase my spectacles where my private health fund directs ?**

No. It is your decision where to have your eyes tested and where to purchase your spectacles or contact lenses. We can direct bill your private health fund with the HICAPS system.
