

corporate super

why

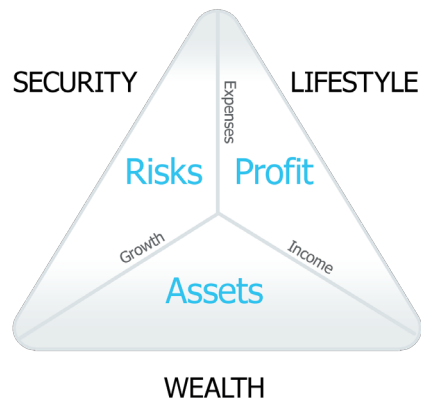

who

what

Under the 1993 SIS Act, employers are required to provide a default superannuation fund option to their employees; this is known as Corporate Superannuation.

In addition, 'choice of fund' legislation mandates that private sector employees are able to choose their own fund into which their employer paid Superannuation Guarantee Contributions (SGC) are made.

Ark Total Wealth seek to provide a 'best of breed', low cost, high feature solution that minimises the ongoing compliance and provision costs on your business.

Ark Total Wealth is a boutique financial services company that specialises in providing holistic investment, finance and wealth creation solutions for businesses and individuals.

Independently owned, our investment recommendations are tailored specifically to the needs of the client and we are able to research, select and recommend from the full universe of investment, risk and finance products available on today's market.

In particular, we work closely with companies and businesses that are looking for a professional, comprehensive, low cost, and hands-free service in relation to the fulfilment of their employee superannuation obligations.

Ark Total Wealth also provides a range of 'value-add' features to their Corporate Superannuation solutions that provide greater opportunity for your employees and help strengthen your business.

Ark Total Wealth can reduce the burden of complying with the SIS Act, and add value to your business and its employees in a number of ways, such as:

- Reducing your business costs by streamlining your payments process so that you only ever make one SGC payment per cycle for all of your employees
- Providing automatically instated personal insurance coverage for all of your employees, covering Death, Total & Permanent Disability and Salary Continuance irrespective of their current health situation
- Providing comprehensive financial planning and wealth creation advice (not just on superannuation and insurance) to all of your employees who are members of your corporate super plan at no extra cost
- Opening up our vast array of business networks and contacts to you, so that you are able to grow your business through developing relationships, cross-referring and synergising with other like-minded and complimentary businesses that exist under our Corporate Super banner
