Residential Services-Family Caregiver

Sample Supports focuses on independence while supporting our Family Caregivers and clients. As an agency we address any mental health issues in addition to behavioral needs. We are a small and stable agency based out of Longmont with an office in Weld County and Arvada providing Residential, Day Program, Employment and SLS services to individuals throughout the Front Range. Our size and philosophy allows us to give extra time and attention to those receiving services.

- **Family Caregiver**
 - Sample Supports offers 25-40 paid hours per week to the Family Caregiver depending on client need
 - Wage is based on clients' SIS level
 - Respite services, alternate workers, or alternate family caregivers can be made available if needed
 - All trainings required can be completed **in caregiver's home**.
- **Residential**
 - **Streamlined Services** are provided through one residential supervisor, providing case management for all aspects of the client's residential life including financial and medical issues should added resources be needed.
 - **Monthly Summaries** are sent to all persons of the inter-disciplinary team to ensure consistent communication.
 - Your **Supervisor is on call** and available to you any time day or night
 - Family Caregiver and client are able to have **at least monthly visits** with their residential supervision. Visits maybe increased or decreased as needed.
 - **Paperwork** support is given to all Family Caregivers through their residential supervisor
 - **Financial management** is offered through Sample Supports. Sample Supports provides rep payee services for most of their residential clients. Sample Supports also works with Social Security and Medicaid to make sure all clients are receiving the best resources possible.
- **Medical**
 - Sample Supports encourages their Family Caregivers to arrange and monitor the medical needs of the individual in their home. Residential Supervisor is available to answer medical questions if needed.
 - Sample Supports contracts with **PDC pharmacy** which provides an on-call pharmacist and next day medication delivery.
 - **On-call Nurses** are available in the event additional medical intervention is necessary.
- **Community Activities**
 - All residential clients are invited to attend **Free Community Outings** provided and supervised by the Sample Supports team.
 - Clients may access help through their residential supervisor in finding **local community activities** of their interest.
- **Behavioral**
 - **Licensed Clinical Social Workers** are available for any behavioral counseling and/or training needs.
 - Sample Supports offers all clients an **Integrated Treatment Plan** that addresses both mental health and behavioral needs.
