

TAKE ONE

NOW AVAILABLE to all CANCER PATIENTS

It's **Your** Money...

Why do insurance companies conceal the fact that policy holders may be entitled to additional cash benefits?

Why are bankruptcy rates among cancer patients and seniors more than double than that of the general population?

Why do patients without financial stress have significantly faster improvement rates over time in functional, emotional, and physical well-being as compared with patients who faced economic burdens?

HEALING & RECOVERY

should be the **primary**
concern for all patients **“NOT MONEY”**
