If you wish to supply artwork on disk, you are required to read and follow our artwork guidelines, which can be faxed or mailed to you. Compliance with these guidelines will ensure that your job may pass through to print production smoothly, avoiding additional costs and time delays for you.

Please ensure that you have advised all details when requesting your quote, as alterations to artwork will be charged at our standard hourly artwork rate. Allow about 2 working days for a proof and about 7 working days after approval of final artwork for your job to be printed. Quotes are subject to our standard terms and conditions and are current for 30 days

All quotes include GST unless otherwise stated. Orders claiming tax exemption must be accompanied by a signed tax exemption form. If an invoice has been raised, claims must be referred directly to the taxation department. Please be aware that once a job reaches proof stage, artwork becomes chargeable, regardless of whether the job goes to final print. Critical colour printing will require a machine proof at an extra cost. Please see staff for more details.

**Trading terms: To ensure you the best possible price we are strictly C.O.D.**

On some jobs we may require a deposit prior to the commencement of work. E&amp;OE.
