

**Loss of bacterial diversity is now understood to be the root cause of a multitude of many of America's epidemics.** Without bacterial diversity, we lack the carbon redox communication network that is the foundation of our immune system. These charged molecules maintain/protect your tight junction barrier, and function as a prebiotic. Tight junctions are the gatekeepers for the body and brain. As tight junctions are damaged, your lines of defense weaken. The resulting inflammation drives aging and disease. RESTORE repairs and protects tight junctions, reduces inflammation, and restores bacterial diversity to get your gut and immune system back online.

### RESTORE Repairs Gut Damage Fast

RESTORE prevents the gut damage from both glyphosate (RoundUp™) and gluten. Glyphosate is a toxic herbicide common in our food and water systems due to GMO crops and factory farming. Exposure to glyphosate and gluten from a conventional diet weakens tight junctions in the intestines. **RESTORE begins repair of tight junctions within minutes of first dose.**

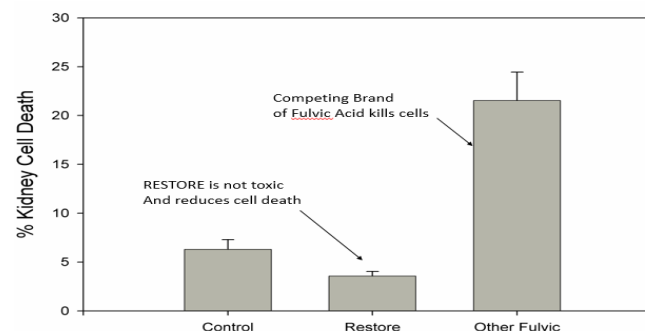

**"After 60 years of bowel problems, I saw my bowel function improve after one day on RESTORE."** ~DS, age 78

***"I am healed! You have no idea what this means in my life!"***

**~ 20 year old student with 8 years of food intolerance**

Restore functions as a prebiotic, diversifying bowel flora to support the ecosystem of your gut which is 30,000 species strong in the healthy state. In contrast, probiotic keep adding the same few species to your gut every day, thus preventing diversification. We recommend intermittent use of probiotics after antibiotics or acute illness only.

### RESTORE is safer than water!

RESTORE is nontoxic even at extremely high concentrations! Using kidney tubule cells, the most sensitive cells in the body, we have studied concentrations so high that water at the same concentrations would kill the cells. **Other fulvic containing supplements do not work like RESTORE.** "Other Fulvic" is a leading fulvic acid supplement in the US, and it increases cell death by 240% at the same concentrations as RESTORE.

***"I have never seen anything work like RESTORE."***

~John Gildea, Ph.D. University of Virginia

## NATURE'S ORIGINAL SUPPLEMENT

We now face an epidemic of chronic diseases that stem from inflammation. This is largely due to widespread damage to our bowel lining from herbicides, refined gluten and other artificial ingredients in our food chain. The rich bacterial flora that once thrived both in the soils of our farms, and in our bodies protected us from adversity. Unfortunately, our bacterial populations have been decimated by five decades of factory farming and antibiotic use. With this decline of healthy bacteria, the protective family of carbon redox molecules these bacteria produce are now absent, resulting in chronic inflammation and disease. The US now ranks 49<sup>th</sup> in the world for health outcomes. We are blessed that nature would have stored away such a powerful remedy for 50 million years. It is time to heal.

RESTORE is your source for a rich diversity of these protective redox molecules that have been derived from fossilized soils in the deserts of the Western United States. All of the elements in RESTORE are sourced within the USA and the product is manufactured in Scottsville, VA. All of our science validation and quality control is repeated by University laboratories.

Clinical use has shown that restoration of the intestinal lining and bowel ecology with RESTORE helps individuals with a broad array of inflammatory conditions improve their health.

Leaky Gut Syndrome	Autoimmune Conditions
Gluten Intolerance	Irritable bowel syndrome
Autism	Arthritis
Asthma	Degenerative brain conditions

## NEW EARTH DYNAMICS

INTRODUCES

A Dietary Supplement From Nature

### ACTIVATE GUT INTELLIGENCE

Restore is a Carbon Redox molecule supplement  
- your communication network of cell protection -

- Restore your dynamic intestinal barrier
- Restore bacterial diversity for a balanced ecosystem
- Restore intelligent immune system function

### EXPERIENCE

- Renewed Energy and Sleep Quality
- Mental and Emotional Clarity
- Optimal Bowel Function
- Less Inflammation

Restore is your front line of defense against the modern food industry

Scientifically validated at university laboratories for efficacy and safety
