TURN OVER TO LEARN HOW

## BUILDIFORM CAN:

**Save** you a minimum of \$10,000 per year \*

**Assist** you to use photos to better report defects

# How we've calculated **Buildaform Inspector** will save you \$10,000 or more every year

## **Inspector** can save you 200 hours a year (minimum)\*

TASK	Paper system	Buildaform
	Av. time to perform task (mins)	Av. time to perform task (mins)
Tracking and scheduling inspections	5	2
Onsite completion of inspection	15	15
Write up of inspection results on site on paper	10	0
Taking / managing photos	5	0
Back at office -finalising report/uploading results into system	10	2
Sending report to client via fax/letter and filing report	5	1
TOTAL MINUTES	50 mins	20 mins

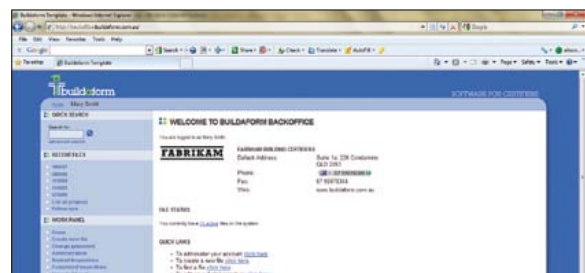

## **Inspector** can save you \$10,000 year (minimum)\*

30 MINUTES SAVED PER INSPECTION	STAFF COST @ \$25 per hour
Amount saved per inspection with Buildaform	\$12.50
Average number of inspections (4 jobs x 100 inspections p.a)	400
TOTAL YEARLY COST SAVINGS	\$10,000

\* Conservative estimates based on a single certifier office processing 100 jobs per year (4 inspections per job) and a 30 minute time saving per inspection, with labour hourly costs of \$25 per hour.

## More from the makers of mobile **Inspector**

In addition to **Inspector**, Buildaform also provides **software for certifiers** that empowers certifiers to only ever have to enter job data once. The certifier software also seamlessly **generates all documentation required in the certification process**. This technology, together with many other system features, including emailing and electronic archiving, can save Building Certifiers tens of

thousands of dollars in labour and archiving costs per year. Contact us today to find out how.
