

Want comfortable, near unbreakable dentures?

Transparent
Clasps

Introducing ThermoSens by Vertex.
The flexible, virtually unbreakable* denture
injection system, using advanced dental
prosthetic technology.

- Undetectable in the Mouth
- Can be claimed through
Private Health Funds and DVA
- Full or Partial Dentures
- Available in 10 Shades

And they're suitable for patients with allergic
reactions or other sensitivity problems too!

*Please note 'virtually unbreakable' refers to the nylon base of the denture only.

Call to find something to smile about!
