

MEET YOUR WATER UTILITY

Water is essential to life. Learn about the system that brings clean drinking water to your home 24 hours a day at one of four upcoming community meetings.

At each meeting, Capital Region Water CEO Shannon Williams will give an overview of the water system and discuss current projects and challenges. Staff will also be available to address concerns related to service or billing.

Capital Region Water is a customer owned public authority that works hard to provide the best service, from raindrop to river.

MEETINGS WILL BE HELD 6-7PM ON THE FOLLOWING DATES:
