- 1 - Please add the TRUST WAVE image on the bottom of the page. I have asked 3 times and you keep putting the wrong image in. The name of the jpg is “QR life support\_security info”
- 2 - Please substite new image for the “Emergency Card” (it is in 2 places)( the new image has a blue star on it, as you can see from my picture. File name is “NEW CARD\_Blue\_FINAL.jpg”)
- 3 - Use new image “NEW STAR\_Blue\_FINAL.jpg or psd” in this spot. Use the text under it as I laid it out (in case you cant read it, it says- EMERGENCY RESPONDER Click here to access Information in an EMERGENCY)
- 4 - Activate Button. You can recreate this. Its only Text and a rounded box.
- 5 - Sign In Box. You can recreate this. It’s only text and a rounded box with NO outline
- 6 - The CODE That Can save Your Life! You can recreate this. Its only text.
- 7 - Red Bar with Tabs. You can recreate this. Its just Text and a rounded red box. (when you do this, please put the lines that seperate the tabs, like you have in your sample. I did not put that in my layout. ALSO, note the new tabs that are there. If you can not read it, they are: HOME HOW IT WORKS WHO’S IT FOR ABOUT US FAQ’S PURCHASE CONTACT US
- 8 - New Image. I am attaching this as a PSD. It has all the piecs in it you will need by layers. So you should be able to edit/modify this how ever you want. The file name is 3 phones\_FINAL
- 9 - OK, here i need your help, if you can. The image of the bracelet has changed, but i do not have a picture of the bracelet yet. The ONLY thing that has changed from the image you have, (That i need YOU to make) is that the there is NO text on the bracelet, so if you could remove the numbers/code next to the QR code. Plus I need you to remove the 2 symbols that look like this  and add the new image that looks like this . The file that you can use is called “New Star\_WHITE\_FINAL.jpg or psd.”
- 10 - I also need your help here. I need you to make the image look like the card is going through the opening of the bracelt? Or the bracelet wrapped around the card? ( same thing)
- 11 - We changed the image you had here. You can put the image you used on your layout here ( I maked it so you will see) BUT, MAKE SURE you use the UPDATED Images!!!!!!
