Newsletter

**The second level page: owners corner change to be now as follows**

- 1) Group and Calendar of events for upcoming year Australian based becomes the first image spacing, with maybe a scroll down to show upcoming details in graphical detail
- 2) Recent winners and replays becomes the second image space, so it gives an easily identifiable window-video window
- 3) Database of owners - goes where the newsletter currently is and links to the database.
- 4) Ownership Information becomes - Industry news, and is database driven
- 5) Blog goes into the third image space
- 6) Syncate match is a link that goes to the database, is located where Latest news is.

**Additional functional changes are:**

**Where International groups are will become a tile for advertising  
180px across x 150px high.**

**Where miscellaneous trends and track conditions are will become a tile  
for advertising  
180px across x 150px high.**

**This should be maintained on all secondary pages giving a constant  
position on the page to eliminate too much scrolling.**
