- 1) First image grouping will become – category & country of origin
- 2) The second image grouping will become - minimum, maximum price & more information database development.
- 3) Third Image will become – compare and share percentage database development

4) Categories sections on RHS of page works as database development

Additional functional changes are:

Where country details are will become a tile for advertising
180px across x 150px high.

Underneath will become a tile for advertising
180px across x 150px high.

This should be maintained on all secondary pages giving a constant position on the page to eliminate too much scrolling.

Example as laid out:
