PROFESSIONAL & TECHNICAL RECRUITMENT

Expertise

As a consultancy we pride ourselves in taking full responsibility for providing our clients with the very best selection of professionals from across the globe.

We currently recruit Construction & Engineering Professionals from the UK, EU, Australia, New Zealand, Canada & the USA to work with our prestigious clients across the Middle East.

Our company prides itself on taking the time and effort involved in understanding our clients, their needs, their past and most importantly the future of the company and the direction it wishes to take. This information, in turn provides us with the specifications we need to find the talent required for the future of your business.

We believe that research is a vital part of keeping ahead. We therefore dedicate part of our business to the continued study of Recruitment Trends, New Developments & Economic Pressures that can have a major effect on where to find and source the best talent needed for you.

Proven track record...

"Earlier this year I enquired about a senior position in the Middle East. Adrian was acting for the employer and was very helpful in confirming their requirements, background and the role, responsibilities and package. Adrian was extremely diligent in moving the process forward and throughout kept in contact and abreast of the situation. In all it proved a great success and I am now happily placed in my new role. Even though Adrian performed beyond the normal boundaries of his role he even now keeps in contact to make sure everything is ok and all parties happy and satisfied with the outcome. I wholeheartedly endorse Adrian and will use him when I next am supplementing my team."

Rufus Gardiner, Head of Quantity Surveying, Pan Arab Consulting Engineers (PACE), Kuwait

"I found CS International through a colleague of mine who had used their services in the past. My consultant provided me with various options based on my skills and future requirements. I must say, it has been the easiest recruitment process I have had the pleasure of experiencing. They were very professional and prepared me well for interviews, assisted in my relocation and were very responsive to all my questions and queries. I have no hesitation to recommending CS International to assist in securing the right position for Architects in the Middle East"

Bleddyn Davies, Project Manager, Dar Al Riyadh, Saudi Arabia

"CS International found me a position of a Design Architect for a consultancy in Saudi Arabia. I found them to be a professional recruitment company. Always on hand to answer any queries I had, with a matter of urgency"
