The Basics of Addiction Counseling Desk Reference and Study Guide, Tenth Edition

has aided many addiction professionals in attaining their state and national credentials with its thorough and easy to understand descriptions of counseling concepts. The Basics can also be used as a quick reference tool for clinicians to use throughout their careers.

Module I: Pharmacology of Psychoactive

Substance Use, Abuse and Dependence - This module outlines the pharmacological effects of each substance of abuse, drug interactions and treatment considerations.

Module II: Addiction Counseling Theories, Practices and Skills - This module addresses issues critical to clinicians and includes descriptions of individual counseling theories, family therapy, group therapy and multicultural considerations.

Module III: Ethical and Professional Issues in Addiction Counseling - This module provides a detailed explanation of the NAADAC Code of Ethics, with examples, application questions and case studies to augment understanding.

Enhance your learning by ordering the **Independent Study Examination** that supplements each module. Successful completion of these exams earn up to 42 CE's (between 12 and 16 CE's per exam) and help prepare for key concentration areas found on state and national certification exams.

***Best Value! Complete Professional Development and Study Package (All Manuals, Independent Study Exams and 42 CE's): \$225 for members; \$330 for non-members**

Complete Set of Manuals: \$150 for members; \$225 for non-members

Single Manual: \$50 for members; \$75 for non-members

Complete Set of Independent Study Exams: \$75 for members; \$105 for non-members

Single Independent Study Exam: \$25 for members; \$35 for non-members

Integrating Treatment for Co-occurring Disorders: An Introduction to What Every Addiction Counselor Needs to Know

is a skill-based training program that will help addiction counselors improve their ability to assist clients who have co-occurring disorders, within their scope of practice. This educational program is designed for those who do not have a significant background with co-occurring disorders and discusses the many myths related to mental illness treatment, barriers to assessing and treating co-occurring disorders, relevant research and prevalence data, commonly encountered mental disorders, applicable screening and assessment instruments and issues surrounding medication management and coordinating with other mental health professionals. Through the use of case studies, video clips and interactive exercises, participants will feel more comfortable and competent in addressing mental health issues with clients who have co-occurring disorders.

Manual Only: \$75 for members; \$125 for non-members

Independent Study Course w/Manual and Exam (6 CE's): \$35 for members; \$50 for non-members

Ethics and Professional Issues in Addiction

Counseling Independent Study Course is a great way to gain the continuing education in ethics required to maintain many state and national credentials. This course is a component of the Basics of Addiction Counseling package and can be used as a stand-alone resource for those seeking additional guidance in ethics. The Independent Study Course includes a bound reference and study manual and 30 practice examination questions.

Independent Study Course w/ Exam and Manual (12 CE's): \$85 for members \$160 for non-members

Conflict Resolution in Recovery Kit

is a skilled-based therapeutic training book that is focused on the brain, specifically how it works in conflict and how to affect the quality of recovery in relationships. These tools have been designed to help reduce relapse and sustain recovery of adult and adolescent substance use, abuse and dependent persons by improving their conflict resolution knowledge, attitudes and skills. This kit includes a Facilitator's Guide that features talking points, exercises and role plays that focus around the course themes, as well as tips for interacting with groups and individual/family/couple clients around substance abuse conflict resolution issues, visual aids and evaluation forms and a Participant Workbook that outlines key concepts, provides visuals that reinforce content and includes homework assignments and personal exercise sheets. Certificate program also available.

Complete Recovery Kit: \$150 for members; \$180 for non-members
Participant's Manual: \$15 for members; \$30 for non-members
Trainer's Manual: \$135 for members; \$150 for non-members
