☐ FLEXOGRAPHIC PRINT

☐ OFFSET PRINT

☐ OFFSET PRINT UV

ITEM: BIOPAK_Sprocket

FORMAT: 8oz-D Double Wall cup

DATE: 06/08/2012

- Whilst every care is taken in the preparation of this final artwork, it is essential that the artwork be checked thoroughly by you or someone within your organisation. On signing this form, you indicate your approval of the artwork for final production.
- Please review the proof carefully and thoroughly, including typesetting, spelling, phone numbers and addresses, page layout, colour designation and appearance. Any delays in proofing will delay your final product. Your approval to print your job is FINAL. It is your responsibility to ensure that there are no errors. What appears on the proof is what will be printed. Any oversights that require your job to be reprinted will be done at your expense.
- This is a screen proof and NOT A FULL PRODUCTION PROOF. If you wish to receive a production proof please advise BioPak. It will take approx. 14 days to send you the production proof.
- Please be aware that all offset based printing has a slight odour depending on the design. The more ink coverage on the cup using offset printing, the stronger the smell. By signing below you are accepting the odours without a full production proof.
- Flexographic printing is water based and has no odours. minimum production runs are 100,000.

☒ Please indicate you have checked carefully including spelling, addresses, emails, phone/fax numbers, barcode numbers, content, colours and separation of colours

☐ Proof has alterations which are clearly marked on proof
