FOLLOW US FOR:

- A ROUTE INTO THE PRE-OWNED MARKET
- AN ALTERNATIVE CURRENCY FOR YOUR CONSUMERS
- STATE OF THE ART TECHNOLOGY
- A VALUABLE, ONGOING PARTNERSHIP

ALL FROM A SERVICE WHICH IS PROFESSIONAL, DYNAMIC AND EFFICIENT

WHY TRADE IN PRE-OWNED ENTERTAINMENT?

- It creates an additional revenue stream by giving customers a wider choice of product
- Attract those consumers wanting to generate currency from redundant CD's, DVD's, games and more...
- Trading doesn't stop at discs. By also trading in pre-owned consumer electronics you can appeal to those early adopters looking to generate cash towards an upgrade
- Do your bit for the environment: trading in pre-owned represents an innovative method of recycling, preventing the items ending up in landfill.

HOW IT WORKS

Your customer brings a pre-owned entertainment product to your store.

Mozo's technology solution provides a competitive value for either cash or store credit.

After the product has been traded you can either:

a. Sell in store with merchandising support provided by Mozo if necessary.

b. Dispatch the product to Mozo to be offered for sale to our network. On receipt of the stock you will receive payment.
