

Eat,  
Drink,  
**SHRINK!**  
And Be Married.

**Say Yes! to CoolSculpting**

**Transform yourself  
without diet, exercise  
or surgery.**

CoolSculpting® is the coolest, most innovative, non-surgical way to lose those annoying bumps and bulges of stubborn fat. This revolutionary technology targets and cools unwanted fat cells in the selected area to induce a noticeable, natural-looking reduction in fat bulges.

Unlike most other methods of fat reduction, CoolSculpting involves no needles, surgery, or downtime. Patients often spend procedure time reading, working on their laptops, or simply relaxing. It's safe, FDA-cleared and effective. Results look natural and can be seen as early as three weeks following treatment, with the most dramatic results after one to three months.

Call us today to schedule your consultation, to find out if CoolSculpting is right for you.

Results and patient experience may vary. Ask us if CoolSculpting is right for you. Data on file. CoolSculpting is a registered trademark and the CoolSculpting logo and the Snowflake design are trademarks of ZELTIQ Aesthetics, Inc. © 2012. All rights reserved.
