### Using a FAFSA Preparer

Like filing your taxes, the FAFSA can be filed for free via paper or electronic forms without professional assistance at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Many people however, choose to use a FAFSA preparer, just like a tax preparer, to provide personal advice, consultation and review of their important FAFSA application.

### Free FAFSA Services

If you are looking for free service to assist you with your FAFSA or the financial aid process, be sure to check out these support services.

Getting FAFSA Help

Many clients find value in using a professional FAFSA Preparer to help with their application. Here is what some had to say.
