

WE ARE A CAMPUS AND AN INSTITUTION, LOCATED IN LA PAZ, MEXICO, DESIGNED TO **ENABLE, SCALE AND ACCELERATE** MEANINGFUL POSITIVE ACTIONS.

Our vision is to become an action-learning center that incubates innovative, scalable solutions (businesses and organizations) to create sustainable well-being at multiple scales: La Paz, the Gulf of California Region & Mexico.

WE SEEK TO CREATE LASTING CHANGES IN MEXICO AND THE REGION:

- **Deep civic engagement** by its citizens, and strong social capital among diverse sectors of society.
- **A restored environment** and natural resource base that provides abundant natural capital for people and communities.
- **Real jobs, businesses and markets** to finance social wellbeing.

THE **CORE VALUES** THAT WE SHARE WITH OUR PARTNERS ARE:

A spirit of **collaboration** with other organizations, businesses and sectors.

Constant learning based on strategic risk taking and innovation.

Creating community as a means to social change.

WE WORK IN FOUR **FOCUS AREAS**:

- Design driven campus ("Functional Space on a Mission").
- Restoring natural resources.
- Innovation in leadership development & education.
- Restorative urban development & culture.

WE OFFER THE **PLACES, SPACES AND PROGRAMATIC ACTIVITIES** THAT ENABLE:

CONVENING

The professional spaces and skilled effort to bring the right players together with the right resources at the right time, to spark innovation and partnerships.

COLLABORATIVE PROTOTYPES

Shared vision and resources for prototype development that creates the most learning, in the least time, with the most potential for rapid scaling.

CATALYTIC FUNDING

Through our Grants and Investment Fund we provide resources to launch an innovation, test a hypothesis or experiment with a solution.

CAPACITY BUILDING

Providing individuals and organizational leaders with the skills and tools to maximize their energy and innovation.

WE EMBRACE COMPLEXITY, AND ADDRESS IT WITH A SIMPLE APPROACH:

Smart Space
+ Enabled Leaders

= Scalable solutions for meaningful change
