

Work Smarter - Tip #11

Implement a written idling policy for your equipment to reduce costs and wear and tear.

CASE STUDY

XYZ Construction Company

- Implemented a written idling policy in June 2012.
- Purchased GPS and Equipment 360 to better manage their shop
- Implemented the policy and software in 60 days across the company.
- Reduced equipment alerts on PMs from 12 to 2 per day
- Saved \$200k in annual equipment expenses
