TARGETED MEETINGS | REAL-TIME INVESTOR INTELLIGENCE

Shareholder Engagement 2.0

Introducing Meetyl: Meetyl Inc. is a financial software company providing solutions to drive shareholder engagement. Founded in 2012 and headquartered in San Francisco, Meetyl's team of former buy-side and sell-side investment professionals provide support and expertise across a broad range of industry sectors.

Our Mission: Meetyl's goal is to drive shareholder and corporate engagement, by providing a transparent, non-biased software platform. We seek to add depth and breadth to your communication process by improving information flow, enabling corporations to meet or communicate with best-fit institutional investors directly.

What We Do: Meetyl's technology platform leverages our proprietary pairing algorithm and in-depth shareholder intelligence to provide an end-to-end solution for effective shareholder engagement.

The Meetyl Solution At-A-Glance

Find new ideas and companies on Meetyl that you are not aware of, but should know ...
(and connect with those you already know)

Meet the Meetyl Corporate Community:

Companies across 8 sectors that spans a wide array of market capitalizations.

- C-level executives
- Investor relations officers
- Other investor facing executives

Meetyl Main Features:

Connect with company management to schedule meetings or calls by location and date in real-time.

Access Meetyl's Company Screener to help you search for new meeting and call ideas using detailed taxonomy.

Receive inbound meeting invitations directly from companies that you have specified interest in.

Indicate interest to companies in a confidential and scalable manner that leads to more direct engagement.
