

About R33

Formed in 2014, Revolt 33 Studios is a visual effects studio based in Playa del Rey, CA. Taking their name from early Californian history, Revolt 33 Studios looks to continue the Golden State's tradition of strong and reliable visual effects. With close to 20 years in the vfx community, Revolt 33 Studios has the ability to service feature films, television, and commercials. Revolt 33's capabilities are focused on compositing, 2.5D effects and environments, rotoscope, paint fixes, color timing and other 2D tasks. With a network of talented acquaintances built over the years, Revolt 33 Studios can adapt to the clients needs. At a time when budgets and schedules are shrinking Revolt33 Studios' goal is supplying world class visual effects work on a workable budget.
