# Exit Glacier By Dog Team

Learn to mush a dog team!

Drive your own dog team or ride with

one of our experienced guides through the Kenai Fjord National Park right to Exit Glacier. The trail is great for beginners, so anyone can learn. We'll stop for hot chocolate and snacks at remote cabin at the glacier, and your guide will tell stories about racing and training these incredible athletes.

Make sure you bring your camera – the scenery is incredible, and we often see moose, coyotes and eagles. This is a great opportunity to really experience the Alaskan wilderness, and you will leave with a true understanding and appreciation of sled dogs. Not recommended for children under six years old.

Visit our website for current tour offerings

Includes: Snacks, drinks, and all equipment.

Custom tours available for groups and events.

All tours are by reservation only.
