HAIR EXTENSIONS

100% Finest Remy
Human Hair

Congratulations on purchasing your Boutique Hair Extensions. Our Hair Extensions are made from 100% high quality Diamond Remy Human Hair to ensure that your hair looks long, luscious & natural.

Hair Care

- Brush hair gently using a loop brush starting from the ends and work your way to the scalp while holding in a pony tail.
- Shampoo hair in luke warm water in a gentle manner, using a mild moisturising shampoo. We recommend Xten Silky-Lite shampoo & conditioner.
- To dry hair use hair dryer on a low setting or towel dry.
- DO NOT use hot appliances, such as hair straightening irons near the bonds.
- DO NOT use shampoos or conditioners that contain alcohol or sodium laureth sulphate as these can decay the bonds of your hair extensions.
- We recommend you visit the salon every four to six weeks to have your extensions checked and readjusted to compensate for your hair growth.
- For further advise give our hair consultants a call.
