

Help Someone Who Has Headaches Today!

3

A frequent cause of headaches is the malfunction of spinal bones in the neck. When the bones of the spine lose their normal position, sensitive nerves and blood vessels to the head can be affected. When spinal nerves are stretched or irritated, they produce throbbing headaches. Aspirin and medications cover up these warning signs, but do not correct the underlying cause. Because headaches are so common, some people think that getting a headache is a normal part of life! Headaches are a sign that something's wrong. Many people find relief and correction with Chiropractic care.

Our mission in Chiropractic is to help people who are tired of just covering up their pain by taking drugs. We can't reach everyone personally to tell them that Chiropractic may be the answer to their problem. Let's both offer a helping hand. Refer those you know who could benefit from our care and we will offer our honest and sincere assistance. Give this certificate to someone who we can help together through Chiropractic.

**THIS GIFT CERTIFICATE IS VALID FOR 2 WEEKS AND ENTITLES THE BEARER
TO A CONSULTATION & EXAMINATION AT NO CHARGE.***

***A \$79.00 VALUE**

The recipient of this Gift Certificate will have NO charge for the first visit services described above. Should treatment be deemed necessary, the usual fees will be explained in advance. This certificate is not valid with Worker's Comp and Personal Injury cases which often cover 100% of services.

UNIVERSITY PAIN CONTROL & REHABILITATION 50 OSBORNE ST., DANBURY CT, 06810 (203)744-7440
