

## Help Someone Who Has Sciatic Leg Pain Today!

4

Your lower back has a greater ammount of stress than your upper back due to the ammount of weight it has to support. As a result, misalignment of the bones of your lower back can occur causing the nerves to be pinched which lead to your hip, leg and foot. This condition is called sciatica. It produces a sharp, burning sensation down your leg. You may experience back and thigh discomfort for weeks or even months before the onset of sciatica. Chiropractic treatment removes the pressure from the pinched nerve by realigning the bones of your spine through gentle Chiropractic adjustments.

Our mission in Chiropractic is to help people who are tired of just covering up their pain by taking drugs. We can't reach everyone personally to tell them that Chiropractic may be the answer to their problem. Let's both offer a helping hand. Refer those you know who could benefit from our care and we will offer our honest and sincere assistance. Give this certificate to someone who we can help together through Chiropractic.

**THIS GIFT CERTIFICATE IS VALID FOR 2 WEEKS AND ENTITLES THE BEARER  
TO A CONSULTATION & EXAMINATION AT NO CHARGE.\***

**\*A \$79.00 VALUE**

The recipient of this Gift Certificate will have NO charge for the first visit services described above. Should treatment be deemed necessary, the usual fees will be explained in advance. This certificate is not valid with Worker's Comp and Personal Injury cases which often cover 100% of services.

**UNIVERSITY PAIN CONTROL & REHABILITATION 50 OSBORNE ST., DANBURY CT, 06810 (203)744-7440**
