

Multiple Turf Services

renworx.com.au

Renworx is a multiple turf services business, specialising in turf renovation, turf drainage and turf construction.

Our team has extensive experience in these areas and we utilise specialist equipment to manage any turf related project for Golf Courses, Schools, Universities, Councils, Polo Clubs and Stadiums.

Renworx was founded in 2011 by Stephen Nutman and Miles Raicevich. Since inception Renworx has focused on building and maintaining trusted relationships with our clients and providing an exceptional level of quality through our services.

Renworx has worked closely with some of the most trusted and influential Sports Turf Superintendents and Managers in the country. This has given us the opportunity to refine our service levels to a standard and quality found on Australia's top golf courses and sports stadiums.

Our Team

**‘ Our team is fresh,
motivated, dedicated
to safety & constantly
striving to deliver
outstanding service ’**

STEPHEN NUTMAN
DIRECTOR

Staff and Operators

Renworx has a complement of staff members consisting of qualified greenskeepers and experienced machine operators.

All Renworx staff have extensive experience in turf management and provide outstanding service that clients can rely on. Ongoing training is provided and this ensures that we offer reliable and accurate advice.

Safety & Environment

All Renworx staff are trained in Work Health and Safety and Environmental Systems and receive regular updates through the Renworx WHS and EMS systems. Renworx is certified through BNG and are therefore able to provide multiple services to a broad client base.

Our Vision

To be an innovative, reputable and quality focused sports turf business that will ultimately improve and make the lives of sports turf managers easier.

We aim to deliver safe and outstanding service to our clients through innovation, expertise, motivation and teamwork.

“ We aim to deliver outstanding service to all our clients through innovation, expertise, motivation and teamwork ”

THE RENWORX TEAM

What some of our clients say

Avondale Golf Club has been utilising the team from Renworx for many years, to perform construction and turf renovation services. The service Renworx provides has been outstanding and I would recommend them to anyone.

DAVID WARWICK

SUPERINTENDENT, AVONDALE GOLF CLUB, NSW

Renworx has been contracted to perform all turf renovation services from tee to green and golf course renovation for Moore Park Golf. Their service is always without fault and their staff are always professional and friendly and are a pleasure to work with.

MAL DURKIN

SUPERINTENDENT, MOORE PARK GOLF
CENTENNIAL PARK TRUST, NSW

The City of Canada Bay Council has used Renworx to carry out work within our parks and sportsfields. The work has been carried out to our specification and I would be only too happy to provide any further information about their quality of work.

ADAM POWEL

CITY OF CANADA BAY COUNCIL, NSW

We have used Renworx at The Lakes Golf Club on multiple occasions for our golf course greens renovations. We have never had a problem with the machinery used on our green surface with either wheel tracks or lifting of the turf surface due to our nematode affected shallow root system.

The guys from Renworx are very reliable and professional in the work they carry out from the moment they arrive on site until the moment they leave.

The machinery used is always in immaculate condition and always free from any soil residues from previous works carried out.

I have no problem recommending Renworx for anyone looking for renovation work to be carried out.

ANTHONY MILLS

SUPERINTENDENT
THE LAKES GOLF CLUB, NSW
