Some General Ideas on the Logo

- ✓ Owner likes blue and green colors (like email signature)
- ✓ Would like to somehow incorporate elevator call station buttons (up/down arrows)
- ✓ OR Make the 'V' and 'A' in 'VASile' into up/down arrows (*but not necessarily buttons*)
- ✓ Looking for something classic but eye-catching, not necessarily conservative
- ✓ Logo should be appealing to both industrial elevator service companies as well as our direct clients (hotels, condos, cruise ships, hospitals, mansions, parking garages etc.)
- ✓ Next step will be to build & develop our website

Samples We Came Up With
